C.2.4 Regular info update
On Partners' web pages

LP = 12 in Period 1

Thanks to nature diversity, landscapes, clean and safe environment, the border regions of Latvia and Lithuania inhere good potential for the development of nature toursim. In order to use it for fostering the development of border regions, including the development of entrepreneurship, this year in May the Kurzeme Planning Region in Latvia in cooperation with seven municipalities from Kurzeme region and Lithuania and three national and regional parks of Lithuania has commenced a project for the development of sustainable tourism in the border regions of Latvia and Lithuania to increase the number of visitors and overnight stays in regions.

Over the 2 years' project implementation period in Kurzeme and the border regions of Lithuania it is foreseen to build 7 walking trails equipped with various edutainment elements, 2 resting areas, 2 playgrounds and an adventure park for children, 2 watching towers, 2 viewing platforms and 7 pontoon piers, develop more than 40 nature trail maps, a walking trails' image guide, install audio solutions at 10 nature objects adapted for people with eyesight problems, organise the training of environmental guides in Latvia and Lithuania, as well as carry out other activities for the development of nature tourism and facilitation of the accessibility of nature objects.
