Museums of Courland

Travelling museum

The problem we are solving is that:

- Museums are not accessible for all;
- Majority of people do not understand the essence of museums;
- The museum content is not represented outside the museums;
- Many stereotypes exist regarding museums.

Kuldīga Districts Museum

Result:

- To make Museums accessible for people who cannot or do not want to get to them (Homes for elderly, orphanages, NGO's - representing different groups of people, schools);
- To ensure people's understanding the nature and functions of the museum, objects;
- To make "Traveling museum" - a miniature museum in a suitcase;

Surprising

Attractive

Captivating

We are going to:

- Create a Work team from museum specialists - our team specialists come from different museum's representing different fields;

Ventspils
Open Air Museum

Kandava Local
History Museum

Roja Marine Fisheries Museum

Talsi Regional Museum

Tukums Art Museum
Durbe Manor (Tukums)

Kuldīga Districts Museum

We are going to:

Create content

Research materials

Pick museum objects

Find IT solutions

Create replicas of museum objects

Create a prototype

Important partners / stakeholders are:

- Municipalities;
- Museum administration;
- Sponsors;
- IT specialists;
- Artists;
- Craftsman;
- Members of target groups.

Three first steps in action are:

1. Creation of a group of museum specialists and discussions with consultants (two months);

2. Creation of content (two months);

3. Creation and testing of prototype (three months).

Our team believes in this idea / this is the best solution because:

- All partners are faced with the same problem on a national level;
- Idea is relatively simple to realise;
- Content is versatile, flexible - you can fill the suitcase with any story we can think of;
- Everything can be touched and felt;
- We reach all senses;
- **We have insite, enthusiasm and WE KNOW WE CAN MAKE IT WORK!**
